CONFIRMATION NOTICE

STAT   
Central Intelligence Agency  
2430 "E" Street, N. W.  
Washington 25, D. C

Dear John:

STAT  
STAT  
STAT  
This is to confirm my telephone conversation this date with   
 about the use of consultants for the evaluation of the two  
proposals for the Photochemical Solutions Laboratory. As  
instructed by John, we will proceed on his verbal authority to use  
the services of four consultants for Assignment No. 3, Technical  
Directive No. 1,

STAT  
STAT  
This is to confirm also my estimate of the total cost of  for  
the efforts of these four consultants. In the case of  they have  
said that they wouldn't charge us for their services - the others will.

STAT  
TAT  
TAT  
I advised John that the four consultants will be asked to submit a  
quotation for their services and that the approval to go ahead will be  
based on the costs quoted. We agreed that if the total cost stayed within  
the limit of  we would go ahead with the service. If the total  
cost exceeds the  limit, we will check again with you for an  
authority to expend that amount.

Originally, we estimated that this evaluation would be completed by  
4 September. Inasmuch as we are running about a week behind in  
issuing this request to the consultants, we now plan to finish up this  
evaluation on 15 September.

Very truly yours,
